Pascal is a character from the Nintendo game “Animal Crossing New Horizons”, which I waste a lot of my stitching time playing. I seriously did not think that I would like this game, but there are always “goals” to meet and it is very relaxing. If anyone is playing the game, I have restarted my island to be Stitchvill (the character number is limited) and the dream address is DA-3742-9459-0314. It is still a work in progress because I do not have a lot of the items that I had after playing for a long time. I want it to have a stitching retreat area. If you play, keep checking back for updates and let me know if you have any suggestions by emailing me. If you do not play, please pardon this departure from stitching news. Forgive the late posting of this very short newsletter.

I think the September “Stitch This” chart is my favorite so far this year. I had a lot of trouble with the representation of the acorns and pine cones. I think it comes through. Things have been very quiet on TSV in the community. Unfortunately, if things do not liven up, it may be coming to an end.

Be well!

Happy Stitching! Patty

## Stitch This

### 2021 Twelve Part Series - Section 9 September

*This is the current section in a twelve part series for this year. The sections will incorporate the name of the month, a specialty stitch and a different motif each month. Each piece will be the same size and shown with a boxed line border. The complete size with all 12 sections stitched into one project (with three across and four down) is 160w x 293h. Each individual box will be 54w x 74h—the line of the border will be shared by connecting sections. You may wish to leave the border off but use it for layout guide of the project. Fabric size and color as well as thread choice is completely up to your personal preference! Enjoy!*

*Please share your stitching in the social area of the Village.
